# Coffeebeans

## \* Robusta Coffee

### ***Green***

Robusta beans are oval-shaped and have a greenish-gray color. They are smaller than Arabica beans

## \* Arabica Coffee

### ***Green***

Arabica beans are elongated and oval-shaped with a slightly curved central groove. They have a greenish-blue color.

### ***Roasted***

Robusta beans roast to a darker color than Arabica beans and have a strong, pungent aroma.

### ***Roasted***

Arabica beans roast to a lighter color than Robusta beans and have a more subtle aroma.

## Packaging

Coffee beans are exported in jute bags or (WPP) bags, lined with a special moisture-proof material to protect the beans from spoilage during transport. The bags typically weigh between 60 and 65 kgs
